

ORIGINAL DELUXE™ PET CARRIER

LOCATE PARTS

- a. Carrier
- b. Stability board
- c. Liner
- d. Shoulder strap

ASSEMBLE YOUR CARRIER:

1. Place the stability board in the bottom of the carrier with the attached hook-and-loop strips facing up.
2. Find the hook-and-loop tabs attached to the inside of the carrier at either end. Fold these tabs over the ends of the stability board and press down on the hook-and-loop to secure. (Fig 1)
3. Align the hook-and-loop strips on the bottom of the liner with the corresponding strips on the stability board. Press together to secure. (Fig 2)
4. Zip the carrier closed.
5. Lay the shoulder strap across the carrier with the buckle facing up. Pull down on the clasps to open and attach to the D-rings on either end of the carrier, making sure they're securely attached. (Fig 3)

Fig 4

FOLD DOWN FOR STORAGE:

1. Detach the liner from the stability board and remove.
2. Pull up on the hook-and-loop tabs at either end of the carrier to release the stability board and remove it from the carrier.
3. Reattach the liner and the stability board for storage and place in the top of the carrier.
4. Zip the carrier closed.
5. Turn the carrier upside down and fold down both ends for storage as shown. (Fig 4)

1 YEAR WARRANTY

Worldwise® will not accept the return of a bag that has carried an animal. The original purchase receipt must be provided to submit a warranty claim. Please see insert inside the bag for details or visit www.sherpapet.com.

CARE INSTRUCTIONS: Remove the stability board and the faux lambswool liner. To clean the carrier, soak in hot, soapy water and air dry. To clean the faux lambskin liner, machine wash in cold water, gentle cycle. Air dry. Spot clean the stability board with soapy water or a pet odor cleaner. Do not submerge the stability board in water.

WARNING: HOT CARS ARE DANGEROUS FOR PETS. NEVER LEAVE YOUR DOG UNATTENDED IN A CAR.

For pets only. This is not a toy. Keep out of reach of children and pets when not in use. This carrier is not a kennel or permanent habitat and is intended for pet transport only. It is not intended to be used as a containment device and is not indestructible if a pet tries to escape. Train your pet to be comfortable in the carrier before travel use. Do not leave pet unattended with/in carrier. The internal D-Ring is only to be used to secure the pet outside of the carrier or when carrier is open. Never secure the pet to the D-Ring while pet is inside with carrier closed. When using this carrier in your car, please be sure to secure it to the backseat only. Do not allow pets to chew on the carrier. Inspect regularly and immediately discontinue use if any part becomes loose or detached. Do not use or store near heat or flame. Remove all packaging and dispose of properly, or retain in a safe place, as appropriate.
